

# Get Smart ... about Youth and Technology

Thursday, October 22, 2009  
6:15-8:30pm

Are you interested in the array of technology available to youth today?

Do you have questions about how best to utilize these resources?

This event is designed for parents and educators who want to learn about:

- Trends in Technology
- Realtime social networking (texting, Myspace, Facebook, Twitter, etc.)
- Gaming
- Technology's benefits and dangers
- Creating a plan for technology in your home or classroom

Demonstrations and a technology 'road map' will be provided.
